

## NUESTRA SELECCIÓN

It comes from our oldest branches, which provide us with more quality and are a mixture of Cabernet Sauvignon, Tempranillo and Merlot. It is a serious and structured wine, that is noticed by its deep aroma with a good expression of mature fruit and fine toasted elements, has a light mineral and spicy background. It is powerful, has a fleshy taste in the mouth, with tannins of fruit and wood and reminds us of plum jam, with a certain touch of spices (black pepper). It is rich in fruity and sensations and other varieties and is one of the jewels of the house.
